

# Active Listening Process

## **Before...**

### *Background Knowledge*

Understand the basic background of a genre, composer or piece of music.

## **During...**

### *Experience*

Familiarize yourself with the music through repetitive listenings and guidance from the teacher.

## **After...**

### *Interpretation*

Use the skills you have already been taught and the skills you are learning in class to analyze the music and express your interpretations of your listening experiences.
